Some comments from parents who moved their children to Ben Madigan from other N.I. primary schools:

“Teaching staff are genuinely interested in all children both academically and otherwise.”

“Approachability of all staff for any reason (however trivial) by parents and children.”

“Our daughter was able to gain an ‘A’ in her 11+ which we feel she might not have attained at her previous school.”

“We would highly recommend Ben Madigan to any parents who want to give their children a great start to their academic career.”

“In some ways it is hard to pinpoint the difference but it's there and it is felt.”

“I feel Ben Madigan goes the extra mile to ensure that every child is really happy in the school.”

“After a few weeks she said she wished she had gone there all her school years.”
